Bon Silene	Mrs. Jardine
Cardinal	Mme. Hoste
Mrs. Pierpont Morgan	

Mrs. Chas. Russell

Double White Killarney

IRISH FIRE FLAME

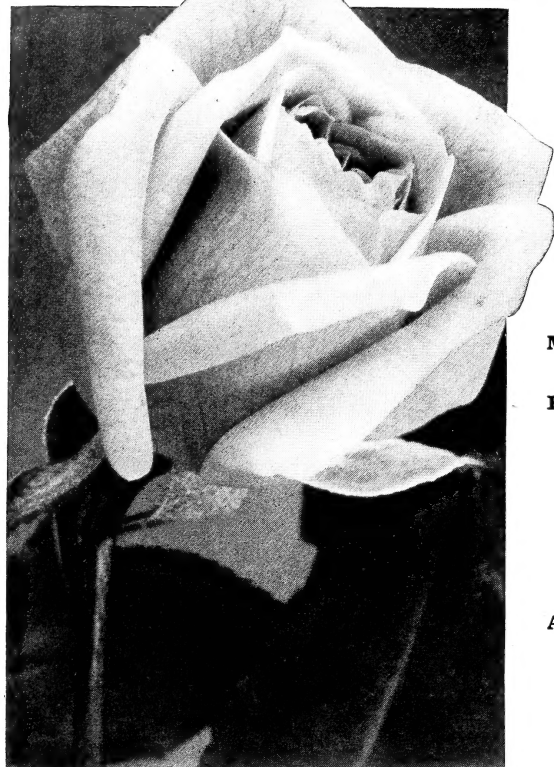

A new departure in Roses for Winter forcing. Irish Fire Flame is a single Rose with only five petals, and is the most striking and the best single Rose Messrs. Dickson & Son have ever raised. It flowers profusely during the Winter months. The bud is an intense fiery crimson at the top shading at the base of the petals to a rich orange salmon. The open flower is bright salmon. It is of strong vigorous growth with dark green foliage, reverse of leaf deep bronze. It has been tested for two years at a temperature of 56 degrees and we can confidently recommend it as a sterling novelty in Roses.

BEDDING ROSES

The following hints for the proper growing and production of bedding Roses is taken from an article written by one of our best authorities on bedding Roses.

"It is preferable to plant bedding Roses in the Fall where dormant plants are used, suckering stocks being the only objection to budded or grafted plants, but these can be readily distinguished and removed. Spring planting is undoubtedly best for amateur growers. Established plants are preferable for Spring planting. Be certain that the soil drains well and is in good condition at the time of planting, not too wet. For protection, soil is the best covering. Cover the plants with a light loam to the depth of six inches and after this has frozen cover the bed with leaves. Climbing Roses should be removed from supports, bent over and covered in the same manner. Tobacco solution used in conjunction with Ivory Soap applied with a spray pump is the best method of keeping the plants free from insects. Plenty of water during the growing season is an essential."

HARDY POMPONS

Pompons are becoming more popular year by year, being especially desirable for pot plants; they lend a distinctive grace and beauty to floral decorations of all kinds, and are valuable for outdoor planting.

Chysolora

NEW VARIETIES

Fairy Queen. Clear pink in color; one of the best.

Helen Newberry. Very late white. Plants from 2-inch pots, 15c. each, \$1.50 per doz., \$12.00 per 100.

FANCY VARIETIES

King of Plumes. Golden yellow; very double.

Miss Harvey. Pure white in color with frilled petals.

Plants from 2-inch pots, 15c. each, \$1.50 per doz., \$12.00 per 100.

OLDER VARIETIES—Given in Order of Blooming

WHITE.—Nio, Queen of Whites, Baby Margaret, Lula, Diana.

YELLOW.—Overbrook, Merstham Tints, Baby, Quinola, Souvenir d'Or (Synonyms: Mrs. Frank Wilcox and Mrs. Ben).

PINK.—Eleganta, Alena, Minta, Alma, Little Pet.

BRONZE YELLOW.—Miss Julia, Allentown.

RED.—Lyndhurst, Rufus, Lilla, Julia Lagravere.

Plants from 2-inch pots, 10c. each, \$1.00 per doz., \$6.00 per 100.

ANEMONES

The Anemone flowers consist of one or more rows of flat or tubular ray florets with shorter quilled or tubular disc florets of the same or a distinct color, and are being grown in sprays for artistic floral arrangements.

Garza. Pure white with white center.

Yellow Garza. Light yellow with yellow center.

Mikado. Yellow; double row of petals.

Mary Colladay. Pink; resembles Garza in form.

Plants from 2-inch pots, 10c. each, \$1.00 per doz., \$6.00 per 100.

3 of a variety at the dozen rate; 25 of a variety at the 100 rate.

SINGLES

Good for cut sprays and also useful for specimen plants.

Oriole. A decided novelty; probably the most showy single variety in existence. Owing to the character of the flower as shown by the accompanying illustration, it is not a variety to be recommended for cut sprays for florists' use but is purely decorative. It makes a most excellent pot plant, and planted in a mass will make a gorgeous showing in the Fall.

25c. each, \$2.50 per doz.

Oriole

Mary Richardson

YELLOW

Golden Star. Rich yellow, bright orange disc. One of the best.

Kitty Bourne. Charming yellow; stiff stems.

Margaret Totty. Deep golden yellow; very large flowers; splendid stiff stems. Easily the best yellow single variety in cultivation.

Emma L. Davis. Splendid stiff-stemmed yellow.

Mary Richardson. Salmon yellow. One of the most distinct.

Merstham Jewel. Golden bronze with yellow points and center.

PINK

Ladysmith. Rich pink; very free bloomer; dwarf habit.

RED

Miss Hilda Wells. Beautiful Tuscan red with a light yellow tinting at base of petals.

Ceddie Mason. Bright crimson; medium sized flowers; make wonderful display.

Sylvia Slade. Rosy garnet with broad pure white ring around the disc; as true as a Cineraria flower. The habit and freedom of flowering is superb.

10c. each, \$1.00 per doz., \$6.00 per 100.

3 of a variety at the dozen rate.

25 of a variety at the 100 rate.

GERANIUMS

RED

S. A. Nutt. Considered to be one of the best dark red Geraniums and is more generally used both as a pot plant and for bedding than any other kind; the color is a handsome dark velvety deep scarlet with maroon shading; a vigorous compact grower, with a clean healthy constitution.

Marvel. Very strong in growth; an excellent bedding variety. Deep red in color. Flowers very double.

Edmond Blanc. One of the most handsome and brilliant Geraniums in the cerise shade; the color is bright carmine shaded around the white eye and on upper petals with bright scarlet; the flowers are perfectly formed, borne in large trusses, blooming freely the entire season; attractive and beautiful bedder; a strong constitution enabling it to withstand the Summer sun with perfect immunity.

Alice Raymond. Double light red flower with lighter eye at the center. Excellent variety.

SALMON

Beaute Poitevine. A great favorite and conceded to be one of the best of the semi-double bedders among the light salmon shades; the color is a beautiful shade of pink, delicately shading to white; the flowers are large splendid trusses; a most profuse bloomer the entire season.

Mme. Landry. One of the choicest and handsomest of the Bruant type; very free and constantly in bloom; the flowers are large and borne in enormous trusses. The color is a brilliant shade of apricot salmon shading to copper with white eye; in habit it is robust, semi-dwarf and vigorous.

	Each	Doz.	100

CANNAS

Mrs. A. F. Conard. Its exquisite salmon-pink flowers are of largest size in erect and abundantly furnished heads, so freely produced as to keep a superb showing for months above the rich green foliage.

30c. each, \$3.00 per doz.

Austria. Pure golden yellow; flowers 6 to 7 inches across; a vigorous grower.

Buttercup. The best and most beautiful pure bright, deep canary-yellow Canna in existence.

Florence Vaughan. Rich golden yellow, thickly spotted with bright red.

Gladiator. The color is yellow spotted with red; a strong vigorous grower with fine green foliage and large heads of flowers that stand the storms and sunshine better than any other Canna. It blooms continually and is one of the finest varieties we offer.

Jean Tissot. Intense brilliant vermilion with orange shading.

J. D. Eisele. Bright vermilion scarlet.

King Humbert. Has flowers as large as the largest of the Orchid-flowering Cannas. Bright orange scarlet streaked with crimson. Foliage is bronze with brownish green stripes; thick and leathery; strong robust grower.

Louisiana. The plant is a vigorous grower, producing a thick mass of glossy green foliage; its flowers are often more than 7 inches across and every inch a vivid scarlet. It blooms tremendously, often four or five stalks flowering at once.

WHITE

Comtesse de Harcourt. Pure white flowers with beautiful florets and enormous trusses which stand the sun well; perfect habit; deep rich green foliage.

PINK

Miss F. Perkins. A constant bloomer with well-formed flowers, produced in large clusters; the color is a charming shade of deep rose, shading to a clear white center. Splendid habit of growth; strong constitution, standing our extreme climatic condition in excellent shape; a favorite bedder.

Mme. Jaulin. Very large flowers produced in enormous trusses; color peach pink surrounded by a white border; unparalleled for beauty and freshness; habit dwarf, vigorous and compact; broad, deep zoned foliage; one of the best in this class.

Thos. Meehan. Very deep pink in color; heavy double flower; very strong grower.

Berthe de Presilly. A most beautiful shade of silver rose pink of exquisite brightness; the flowers are full and of perfect form; trusses large and freely produced; the habit is dwarf, robust and branching; a fine bedder and excellent pot plant.

Mrs. Annie Vincent. An exquisite shade of the brightest carmine, each petal somewhat maculated white at the base so that the flowers are almost incomparable in their brightness and freshness; handsome, large, and beautifully formed semi-double flowers, borne in enormous trusses abundantly produced the entire season; habit semi-dwarf and robust.

Paul Blonden. Semi-double flower, clear pink in color with a white eye at the center.

Mme. Crozy. Popular and valuable; orange scarlet flowers edged bright golden yellow.

Miss B. Brunner. Yellow flower with scarlet variegation; green foliage; medium grower.

Paul Marquette. Green foliage; flesh pink flower with slight scarlet variegations; tall in growth.

Pennsylvania. The flowers are pure, deep scarlet of immense size. A most excellent sort.

Pres. McKinley. Deep rich crimson flowers; beautifully formed. A compact grower; green foliage.

Prof. Rodenwaldt. Scarlet flowers; green foliage; very similar to Pres. McKinley.

Queen Charlotte. Rich pomegranate red bordered with bright gold yellow.

Richard Wallace. Canary yellow; large flowers; one of the best.

Rubin. Glowing ruby-carmine flowers produced in profusion; one of the best for bedding; bronzy-green leaves.

Venus. The color is a gay, rosy pink with a mottled border of creamy yellow. Blooms splendidly with heads erect and flowers bright, because the old ones drop off as fast as the new ones come.

Wyoming. One of the most majestic Cannas. Blossoms orange colored, true orchid shape with large rounded petals.

15c. each, \$1.50 per doz., \$12.00 per 100.

Benora

CARNATIONS

Rosette. (Dorner, 1912.) A dark pink, darker than Rose Pink Enchantress and much brighter pink than Lawson; flower large, full and deep; calyx perfect. Strong, healthy, clean growing plant.

St. Nicholas. Well formed flower; very bright scarlet in color. The variety is free growing and gives promise of great productiveness.

Benora. The best variegated ever introduced. It is also extremely free. Flower large, full and of perfect form. Color cream white, beautifully penciled with bright red; stem long and wiry with narrow foliage.

	Doz.	100
Rooted cuttings	\$1.50	\$9.00

White Wonder. In character of bloom it is similar to White Perfection but the plant shows greater strength and freedom of growth. Large pure white bloom, and well worthy of thorough trial.

May Day. An excellent commercial variety. It is very free, and its even shade of pink is much desired.

Mrs. C. W. Ward. In color a very pleasing shade of pink, slightly lighter than Mrs. Lawson. In growth and habit it is all that could be desired, being thrifty and clean and making an abundance of flowering shoots. It is a variety we can highly recommend.

Dorothy Gordon. In habit and general characteristics, including color, this variety is similar to Rose Pink Enchantress, differing in that it has better keeping qualities, and the color is more even.

Winsor. Clear silvery pink in color; excellent commercial variety, but for best results should be grown inside or planted very early.

White Winsor. A pure white sport of Winsor.

Enchantress. Our stock of this old standard shell pink is in excellent condition.

White Enchantress. The pure white strain. For general use there is none better.

White Perfection. A worthy companion to White Enchantress and a well-known variety.

CATTLEYAS

The following list of Cattleyas which we are offering to our customers are well established plants in excellent condition. We do not offer newly imported plants; the prices quoted for each flowering lead being the fairest and only just method of valuing a Cattleya.

Gaskelliana. June and July. Purple lip, petals and sepals rose-flushed. Plants from 5 and 6-inch pots, \$1.25 per flowering lead.

Gigas (*Sanderiana*). June and July. Flowers large. Petals and sepals dark rose color. Lip magenta purple. Plants from 5 and 6-inch pots, \$1.75 per flowering lead.

Gigas (*Hardyana*). July. The later flowering Gigas. Plants from 5 and 6-inch pots, \$1.75 per flowering lead.

Mendelii. May. Flowers varying in color from white to light pink. Lip crimson purple. Plants from 5 and 6-inch pots, \$1.25 per flowering lead.

Mossiae. April and May. Flowers large, but vary in color. Plants from 5 and 6-inch pots, 75c. per flowering lead.

Schroederae. March and April. Flowers resemble Trianae in form, but usually light colored with yellow throat. Plants from 5 and 6-inch pots, \$1.00 per flowering lead.

Speciosissima. Mostly in Winter. Large flower, rose color, with richly colored lip. Plants from 5 and 6-inch pots, \$1.50 per flowering lead.

Trianae. December and January. The most widely grown of the Cattleya family, and the best known. Plants from 5 and 6-inch pots, \$1.00 per flowering lead. Specimen plants up to \$20.00 each.

CYPRIPEDIUM

Insigne. The best-known of this family. Excellent plants well established. Plants 75c. to \$1.50 each.
